As the situation evolves regarding the spread of COVID-19, PMRF is working daily to assess and implement measures to protect our service members, civilians, and their families. We are at Health Protection Condition Charlie. Below we offer relevant tips as well as the current status of MWR, accommodations, food service, retail, and other operations.

HPCON CHARLIE: PMRF is currently in Health Protection Condition (HPCON) Charlie. All who have travel authority, including leave, and traveling away from their home area, must comply with any Department of Defense, federal, state, or local restrictions in place due to COVID-19. Travel restrictions and limitations remain in place at PMRF. Other measures include strict hygiene (no handshaking, wipe common-use items), face coverings required on DoD property (where physical distance separation cannot be maintained), maximized use of telework for eligible personnel, limit or cancel in-person meetings and leverage virtual meetings.

- Service members are prohibited from engaging in recreational or social gatherings, whether indoor or outdoor, that include more than five (5) people, or of any size where anyone has influenza like illness symptomatic or COVID-19 positive on or off base.

PMRF SECURITY:

- PMRF Security Forces has resumed enforcement of expired licenses and registrations on board PMRF on August 16, 2020. Please ensure that your license and registration are current, and that you have the required documentation with you when driving onboard the installation. Motor vehicle safety inspection certificates/stickers that expired in July 2020 or prior, will be valid through September 30, 2020. All safety check certificates/stickers that expire in August 2020 or later in 2020 will be granted a 3-month extension from the expiration month. For example, if your safety check certificate/sticker expires in September 2020, you will have an additional 3-months (or until December 31, 2020) to get a new safety check inspection completed for your vehicle.
- As a reminder to all personnel, the installation’s policy for escorting guests onboard was modified due to COVID-19. The number of personnel that can be escorted by an authorized escort was reduced as part of PMRF’s ongoing efforts to minimize opportunities for the transmission of the virus. A Common Access Card (CAC) holder is only authorized to escort a maximum of **three** personnel onboard. Escorts must ensure they are with their guests at all times and are responsible for the conduct of their guests while onboard the installation.
- PMRF’s Operations Gate (formerly North Gate) is closed until further notice. Please use the Main Gate for access.

- Contact supervisors to ensure compliance with BUMED Return To Work procedures, especially with influenza-like illness. Even if medical evaluation is not indicated (symptoms improving), supervisors need to be consulted before returning to work.

PMRF ADMIN:

- Per NAVADMIN 097/20, all Navy Real-Time Automated Personnel Identification System (RAPIDS) sites or I.D. Card issuing facilities will only accept customers who have made CAC online appointments. Priority support will be provided to those with time sensitive situations (e.g. active-duty Service Members whose CAC has been lost/stolen or is expiring within the next 60 days, ID card issuance for newly retired members, dependents with cards expiring within the next 30 days and CAC PIN resets). If our customers here on PMRF or on Kauai are unable to schedule an appointment using the RAPIDS Appointment Scheduler (<https://idco.dmdc.osd.mil/idco/#/>) they are most welcome to call (808) 335-4493. Callers will be asked screening questions before they come to obtain their I.D. cards.
- Our Admin Office will continue to provide initial issuance or re-issuance of a CAC that will be expiring within 30 days provided an appointment is made either by calling our office or using the

online scheduler. Per NAVADMIN 114/20, in order to maximize force health protection and ensure continuity of operations, all Navy Real-time Automated Personnel Identification System (RAPIDS) sites will continue to provide initial issuance or re-issuance of a CAC that will be expiring within 30 days with an appointment scheduled online. CACs will not be reissued due to printed information changes (e.g. promotion, name change, or for any appearance changes due to relaxed grooming standards). Department of Defense (DoD) civilian employees will retain their CACs when transferring from one Service to another. CAC PIN resets will continue to be provided as a walk-in service.

FIRE DEPARTMENT:

- CPR/First Aid and AED Classes will resume. First and Second Wednesdays of each month. Class limited to eight people. Contact PMRF Fire Department for more details and reservations.
- The PMRF Fire Department has resumed monthly building inspections. Inspectors will call building custodians to set up these inspections and will take all necessary precautions (6' of separation and mask) while inspecting the building.

FACE COVERING POLICY:

In compliance with CNO directive:

- Effective immediately, to the extent practical, all individuals on DOD property, installations and facilities are required to wear cloth face coverings when they cannot maintain six feet of social distance. This includes all:
 - Military personnel
 - Navy civilian employees
 - Family members
 - Navy contractors
 - All other individuals on DOD property, installations and facilities.
- Exceptions to this requirement may be approved by local commanders. All personnel shall be prepared to lower face coverings as directed by security forces to verify identification.
- Face coverings may include, but are not limited to, store bought or homemade masks. Materials that are light weave, pleated and in layers have proven most effective.
- Face coverings should cover both nose and mouth.
- Uniformity of face covering is not required. Military appearance will be relaxed in the interest of health protection.
- Face coverings will not display explicit or offensive material or messages of any kind.
- Face coverings may be relaxed while dining. Please follow instructions at dining facility.
- The use of face coverings is not required when working in an office individually. Masks must be donned when additional personnel enter an individual's office.
- Face coverings with valves facilitate exhalation through the mask and decreases efficacy. Masks with valves are prohibited.
- Neck fleece (Gaiters) and bandanas are less effective in reducing respiration and voice associated particles and shall not be worn.
- Face coverings are not required when exercising independently and able to maintain social distancing (greater than 6 feet separation from others).
- Face coverings must cover the nose, mouth, and must extend over the chin. Avoid touching your mask and maintain mask covering your face when speaking. Do not lower your mask when speaking, this defeats the protective purpose of mask wear. When removing your mask, avoid touching the mask -- handle via ties/loops.

There are many ways to make a "mask" and comply with this directive, and while there is some room for individuality and creativity until the Navy gets enough masks produced for all hands, offensive or inappropriate creations are not tolerated. Instructions on how to make your own face covering are available on the CDC website:
