PMRF INSTALLATION OPERATIONS & SERVICES UPDATE

As the situation evolves regarding the spread of COVID-19, PMRF is working daily to assess and implement measures to protect our service members, civilians, and their families. We remain at Health Protection Condition Bravo. You should expect ongoing changes geared toward limiting larger gatherings and increasing social distancing to continue over the coming days and weeks. The following is the current status of MWR, accommodations, food service, retail, and other operations:

GATE PROCEDURES

Starting this morning, our PMRF Security forces started asking the following questions to help protect our personnel on base:

- Have you traveled outside of the US in the last 14 days?
- Do you have a fever or cough?
- Have you been in contact with someone who has tested positive for COVID 19 in the last 14 days?

Anyone answering yes to one of these questions will be asked to turn around and depart the base. Answering yes to these questions means either you should be home due to sickness, ordered Restriction of Movement (ROM), and/or DOD policy that does not allow base access. Please help our team and our community by staying home if you fall into any of the above categories.

- Currently CYP (including School Age Care and CDC) is in operating level CYP-2.

 - Parents with other non-Navy full-time/temporary telework agreements, who normally work from home, or who are student spouses, are required to self-care for own children. Parent fees will be waived and space saved
